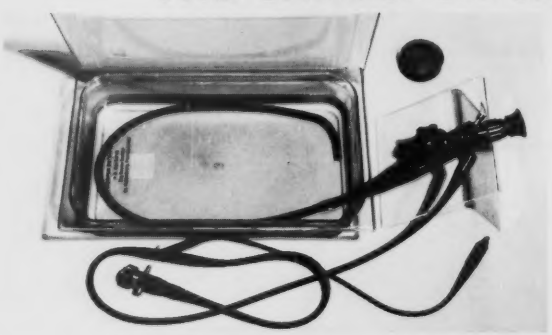
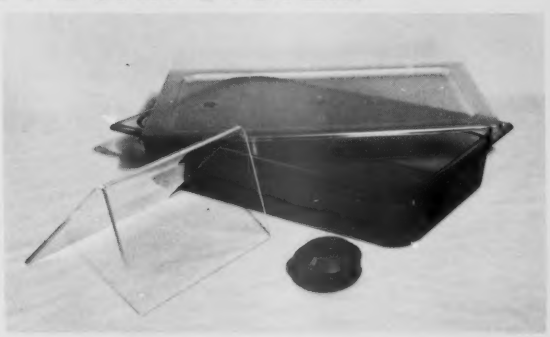
THE SANDSPUR SAFETY SOAK SYSTEM





May be used to wash, soak or rinse all flexible scopes & accessories.

- Designed for *safety*, only the flexible shaft is immersed.
- No build up of water pressure or galvanic action, due to shallow design and material.
- Unique patented plastic pans are unaffected by Glutaraldehydes and may be *GAS AUTOCLAVED* for periodic terminal sterilization.
- Pans are domed to save you money. 1 gal. of soaking agent is sufficient.
- A 7 second-ring timer is included for your convenience.
- The light weight amber pans measure only 20 in. long, 12 in. wide, and 4 in. deep.
- Accepts all lengths & models of endoscopes.
- Guaranteed one full year, with full instructions provided.

#MM-9 INCLUDES: 1 pan with rubberized flexible scope port; 1 lid; 1 plastic scope holder; 1 timer and instructions $119.00

#MM-10 INCLUDES: 1 optional rinse pan with rubberized scope port and 1 lid ..... $ 89.00
